MS

Overview

Active between

Sep 8, 2025 - Mar 31, 2031

HyperX SoloCast 2 is an all-in-one USB microphone designed for gamers and creators who want great sound without the fuss. Featuring a built-in shock mount, internal pop filter, and tiltable stand, this plug-and-play mic delivers clear audio in a compact, self-contained form. Customize your sound using onboard filters via HyperX NGENUITY Software.

List Price 60,00 €

Designed to capture less unwanted noise

Engineered from the inside to reduce vibrations from the outside, with a built-in suspension system that delivers shock mount benefits in a compact, no-fuss design.

An All-In-One mic that doesn't ask for more

Everything you need is built in – foam pop filter, tiltable stand, and mic arm threads. No extras required. Just clear sound and a smart design for a setup that keeps things simple.

Fits in any gaming setup

Tilt-adjustable with a weighted base for stability, ready to use out of the box. Built-in 3/8 in. and 5/8 in. threads offer easy mounting to compatible mic arms for added versatility.

Audio Filters Customizable via HyperX NGENUITY

Customize sound with high-pass, low-pass, or voice enhancement filters - reduce rumble, soften sharp tones, and boost voice clarity. Save settings to the mic for consistent sound anywhere.

Tap-to-Mute with LED Indicator

Control your mic with a simple tap. Red LED on when live, off when muted.

Plug and Play USB Connection

Start recording fast with simple USB-C to USB-A connectivity and no setup hassle. Optional software unlocks advanced features for deeper customization.

Overview

[1] HyperX NGENUITY legacy software is available for Windows 10+. Newer versions of NGENUITY software are available for Windows 11+ and available for download on HyperX.com.

Specifications
